1. Dutiable item: consignee must provide import licence. CD item: import license required for shipments above 5 pieces, including personal and commercial use.

2. Consignee requires CITES Certificate. Delay: 1 day for inspection.

3. Consignee requires import license. Technical details/catalogue

essential for license application, delay: 2 days for licensing.

4. Inspection by Department of Health and consignee's import licence required.

5. Consignee must provide import licence, if shipment contains dangerous drugs eg. DIAZEPAM.

6. Consignee must provide import licence.

7. Consignee requires import license. Invoice must state quantity, type + % component of textile.

8. Consignee must have official permit issued by Macau Health Department for customs clearance., exception: canned/dried food. Delay: minimum 1 day for inspection.

9. Invoice must state type of skin. If skin is under protection of endangered species as per Washington convention, CITES Certificate required by consignee. Delay: minimum 1 day for inspection.
10. Consignee requires Phytosanitary Certificate.

Service Impact Notes

It is recommended that the shipper immediately submits the Commercial Invoice to the actual consignee for import licence application once the shipment has been sent out. It is also recommended that the shipper requests the consignee to give the issued import licence to DHL Macau for customs clearance before the shipment arrives. Furthermore, Macau only has 3 days free storage. After 3 days, storage will be charged.

Operation Notes

Relevant duty, which is approximately 30% of the invoice amount, will be levied on any such shipment once it arrives Hongkong and expect delay of 3-5 days for re-export application. Kindly note and explain to clients before accepting these shipments.
